## ULTIMATE
# GATE KIT

The Gogogate2 Ultimate Gate Kit is the latest solution from Remsol to fully control your gate. This kit includes the Gogogate2 device, a wired sensor and an outdoor IP camera for you to operate, watch and monitor the access to your gate from anywhere. All features in just one kit, including automatic open and close, gate status alerts, real time video streaming with video recording. Our Gogogate2 is also compatible with Google Home and Amazon Alexa through iFTTT, making it the best choice for any Smart home.
